MOHAMED NOFAL

FLUTTER DEVELOPER

PROFILE

I am a Flutter Developer and Remote Team Leader with experience delivering and publishing mobile apps on Google Play and App Store. Skilled in Flutter, Firebase, GetX, and Clean Architecture, with strong expertise in integrating REST APIs, payments, and push notifications. I excel in remote team management, workflow organization, and effective client communication. With a background in accounting, I bring strong problem-solving and organizational skills to build scalable, user-friendly solutions.

EDUCATION

BACHELOR DEGREE IN MANAGEMENT INFORMATION SYSTEMS

2018 - 2023

Higher Institute of Computers and Information Technology, Shorouk, Egypt

Experience

FRELANCER

Frelancer | 2023 - Present

I worked as a freelance software developer and worked on many of the projects mentioned later in the CV.
